

## SHAPE YOUR FUTURE

### FASHION SCHOOL

Three-year course

Teens: 14-18

@ cfp Paullo / Milano

### FASHION SCHOOL

990-hour course – day school

Free admittance

The purpose is to offer training to make clothes through a complete process: from the initial design to the best and most suitable way to choose fabrics and materials, technicalities, model-making and tailoring of single items of clothing.

A team of experienced staff, licensed instructors and professional teachers will increase the value of your professional career. Classrooms and labs equipped with the most up-to-date tools and products will be at your disposal to try out the several working and design techniques with CAD technology, and from the second year students will have the opportunity to experience a real training period and work experience.

The course, managed by Regione Lombardia, allows you to get a II level European qualification as Clothing Operator and to fulfill the school obligations under the law.

After three years, many opportunities

You can:

Find a job/ at fashion houses, tailor's shops, textile industries// you can specialize in the tailoring of specific clothes such as wedding dresses, stage costumes (for theatre and cinematography) and/or dresses for special occasions

Stay at AFOL Milan / and attend the fourth year of the course to get a specialization as Clothing Technician or other specific specializing courses that involve a specific training in every aspect of this field, where many professional operators have begun their careers.
